Annual Themes

July 2016 (2 week themes)

“Medieval Times”

Come with us as we enter a land of castles and kings, knights and ladies. We'll celebrate by having a Renaissance Faire, Swimming Noodle Jousting, and more!

“Underground Adventures”

Planting, excavating, spelunking are on this agenda. We'll discover what or who is underneath the ground we walk on every day. We will play with worms, start a root garden and travel underground like a mole to name a few of the activities.

August 2016 (2 week themes)

“Kid Olympics”

This year, we are hosting our own version of the Summer Olympics. We have packed these two weeks with sporting events such as sponge ball, track and field, swinging and more. Closing ceremonies will be scheduled where the children will all receive medals for their achievements.

“Camp Westminster”

Get your tents and sleeping bags ready! We're going to be camping out a school! We'll cook our snacks outside in the sun, learn how to read trail signs, and go on a hiking expedition.

September 2016

“Through the Classroom Door”

Children will learn that it's fun to come to school. Meeting new friends, squishing shaving cream, creating their own mud pies are just some of the activities planned for this month. Classroom rules and manners will also be discussed.

October 2016

“Creepy Crawlies”

This month, we will be exploring the world of insects! We will use our bodies to make giant insects, we'll have an “Ugly Bug Ball, and we'll taste “ants on a log”.

November 2016

“Across America”

We're “getting our kicks on Rte. 66” as we travel in our make-believe cars, across the USA, visiting different states, national monuments, landmarks and more! We'll conclude our adventure by creating postcards of the places we've ‘visited’.

December 2016

“Winter Celebrations”

This holiday season, we will be taking a closer look at the way families celebrate during the winter. Included in this them will be a sampling of a variety of foods as a participation of customs and traditions from other countries.

January 2017

“Once Upon a Story...”

Using theatrical costumes and props, we will become the characters in familiar stories and fairy tales. Special performances, featuring the children, will be scheduled.

February 2017

“Healthy Habits”

February is National Children's Dental Health Month. We will learn about the importance of taking care of our teeth as well as the rest of our bodies. We will learn about the food groups, finger paint with toothpaste, and set up the classrooms like dentists or doctors offices.

March 2017

“Destination: Italy”

Our make-believe trip this year is to beautiful Italy. We will learn about her rich culture, food, tradition and friendly people. We will make our own pasta, squish grapes and tomatoes with our feet and paint masterpieces!

April 2017

“The Garden Party”

We will have fun with this theme by learning about different types of gardens. We'll design a variety of gardens including a rock garden and explore the Botanical gardens in Balboa Park as a scheduled field trip. We'll paint with plants, even dandelions! A “Celebrate Spring Party” will close out the month.

May 2017

“Land of the Dinosaurs”

Dinosaurs STOMP! But we'll also investigate what else dinosaurs do by turning into paleontologists. We'll have a “Dino Dig” in the sandbox, make our own fossils and learn how to “talk” like the dinosaurs!

June 2017

“When I Grow Up...”

Pilots, princesses, football players or a computer whiz? What do you want to be when you grow up? It's a question we're going to answer this month. We'll set the stage using costumes, hats, and other props to encourage imagination.
